BACON GIVES STAND ON NATION'S ISSUES

Opens His Campaign for Senate With Address at Chautauqua.

PREPAREDNESS

the Republican homination to the grave national and international prob-United States Senate in a speech here lems that will confront us when the to-day, in which he defined the para- great war ends will tax our best states mount issues of the campaign as uni-versal military service and redemption of the errors committed by the Wilson Administration in its policy toward polis."

Ereat war ends will tax our best states-manship; in dealing with those problems your counsel and cooperation would be most useful. Best wishes for your suc-cess both at the primaries and at the

said, "that we should have adequate preparedness, but there is still confusion in the minds of the people, to whom this is a new problem, as to the manner in which we can or should achieve such preparedness. The Administration in Washington and the Administration leaders in Congress again have adopted a policy of delay, proposing and enacting into law half way measures which are evil in their essence and dangerous to the welfare of the country, because while failing utterly to accomplish they breed failing utterly to accomplish they breed a false sense of security, lulling to sleep the watchfulness of the public, which d now more than ever before be ed to the greatest vigilance.

For Universal Service.

The one outstanding indisputable lesson that has been taught us by this world war is the absolute necessity of preparedness on the part of the nation. I believe that there is no permanent solution of true preparedness except by universal service, the spirit of service and secrifice for the nation. sacrifice for the nation. "Military service is only a part, a

"I believe in obligatory military service for every ablebedied American, but I believe that all our men should have that lieve that all our men should have that the may be at this she has agreed to head the busitect themselves while defending it from needless tardship and suffering, but also that, through the discipline of such liance. all alike-they may become better men
